

PRODUCT DATASHEET

Type: LAVA2-GLAS-500-DYL
Art. Nr.: 39665

9120061391297

Short description

infrared heating panel with customer motif, glass, 130x63cm, 500W

Product Description

The LAVA 2.0 DYL infrared heater offers the possibility of customizing an infrared heater. Whether a vacation photo or company logo, the customer's motif is applied. And you won't even notice that the motif devices are actually modern infrared heaters. The LAVA 2.0 DYL is suitable for wall mounting and can be mounted vertically or horizontally, depending on the motif. The 6 mm thick safety glass and 2 temperature limiters ensure maximum safety at all times. The innovative technology makes the glass a very good radiation emitter. In conjunction with the even heat distribution on the surface, the optimally insulated rear guarantees high radiation efficiency and therefore maximum infrared heat radiation to the front of the room. The frameless construction ensures a modern design. There are 4 outputs to choose from. The practical Plug & Play box at the rear of all LAVA 2.0 models enables simple installation of a control unit, whether directly on the appliance, by radio or by means of a wired controller. On/off switch, surface temperature: max. 70 °C, protection class: IP X4, surfaces: 6 mm toughened safety glass, plug connection cable: 1 m, TÜV, CE-compliant, 230 V.

ETIM characteristics

Type of IR radiation	IR-C	Power consumption	500 Watt
Mounting method	Surface mounting	Supply voltage	230 230 Volt
Mounting direction	Horizontal/vertical	Frequency supply voltage	50 50 Hertz
Suitable for ceiling mounting	✗	Max. surface temperature	70 Degrees celsius
Degree of protection (IP)	IPX4	Height	630 Millimetre
Colour	Multi-coloured	Width	1300 Millimetre
With imprint	✓	Depth	61 Millimetre
With room temperature controller	✗	RAL-number	0
With mounting material	✓	Colour temperature	0 0 Kelvin
With framework	✗		
Material framework	Other		
Colour framework	Other		
Surface treatment	Other		
Surface structure front-side panel	Smooth		
With lighting cove	✗		
Dimmable	✗		
Light outlet	Direct
