

PRODUCT DATASHEET

Type: ET-AQUA-WHM-5
Art. Nr.: 41105

9120105411929

Short description

Hydraulic instantaneous water heater, 5.5kW, 230V

**Product Description**

The hydraulically controlled AQUA WHM instantaneous water heater in a pressure-resistant design is suitable for rapid hot water preparation with a limited water volume in washbasins. Thanks to a built-in differential pressure switch, the appliance automatically switches to heating mode. Water pressure: 1.2 to 6.0 bar, for wall mounting, color: white, protection class: IP 24, water connection: Gz 3/8, 230 V.

ETIM characteristics

Material pressure tank	Plastic	Nominal content	1.7 Litre
Suitable for KNX	✗	Nominal power	5 Kilowatt
Operation	Manual	Nominal voltage 1	230 Volt
Temperature indication	None	Nominal voltage 2	230 Volt
With display	✗	Connected load	5 5 Kilowatt
Mounting method	Over sink/under sink	Outer pipe diameter cold tap water	12 Millimetre
Power control	Electronic	Outer pipe diameter hot tap water	12 Millimetre
Heating system	Tube heating element	Height	225 Millimetre
Safety breaker	Pressure switch-off	Width	168 Millimetre
Degree of protection (IP)	IP24	Depth	76 Millimetre
Cold tap water connection	External thread	Weight	1.2 Kilogram
Nominal diameter cold tap water	3/8 inch (10)		
Hot tap water connection	External thread		
Nominal diameter hot tap water	3/8 inch (10)		
Suitable for plastic tube	✓		
Suitable for preheated water	✓		
Type of regulation	Hydraulic		
With tap/mixer	✗
