### Product Description

The eFLOOR LM PRO set consists of a Laminotherm dipole heating mat, the smart built-in switch thermostat eTOUCH PRO, a sensor protection tube FSH and 2.5 meters of installation hose with a diameter of just 12 mm. The Laminotherm heating mat has 120 W/m², impresses with its simple installation underneath and a magnetic field-free dipole heating conductor. eTOUCH PRO is a built-in switch thermostat with 1.8 TFT color display, programmable on and off times and complies with the Ecodesign Directive. It is characterized by its energy-saving function and perfect design. Heating mat voltage 230 V.

### ETIM characteristics

|                                            |               |                                  |                           |
|--------------------------------------------|---------------|----------------------------------|---------------------------|
| <b>Model</b>                               | Heating cable | <b>Connection voltage</b>        | 230 23 Volt<br>0          |
| <b>With support mat</b>                    | ✓             | <b>Connected load</b>            | 480 48 Watt<br>0          |
| <b>Fixation thermal conductor</b>          | Glued         | <b>Power</b>                     | 120 Watt per square metre |
| <b>Self-adhesive</b>                       | ✗             | <b>Heating conductor load</b>    | 6 Watt per metre          |
| <b>Suitable for damp space</b>             | ✓             | <b>Resistance</b>                | 110.2 Ohm                 |
| <b>Suitable as outdoor surface heating</b> | ✗             | <b>Number of cold conductors</b> | 1                         |
| <b>Suitable as roof surface heating</b>    | ✗             | <b>Length of cold conductors</b> | 4000 Millimetre           |
| <b>With controller</b>                     | ✓             | <b>Surface</b>                   | 4 Square metre            |
| <b>With room temperature controller</b>    | ✓             | <b>Length</b>                    | 8000 Millimetre           |
| <b>With floor temperature sensor</b>       | ✓             | <b>Width</b>                     | 500 Millimetre            |
|                                            |               | <b>Thickness</b>                 | 3.3 Millimetre            |
