Short description

EXO COMFORT infrared heater 1800W incl transmitter Black

Product Description

The ETHERMA EXO COMFORT offers a perfect price-performance ratio and optimum comfort. Thanks to its versatility, it can be used for countless individual applications in private and commercial outdoor areas. The gold-clad infrared halogen tube, in combination with the new, optimized reflector, ensures highly effective heat concentration to the front. The unit is operated via an electronic multi-function switch on the back of the unit, which has both an integrated timer and a short heating function. The unit can also be operated with the included remote control. The housing made of high-quality aluminum gives the spotlight not only a modern design, but also a long service life. It is mounted via a T-tilt bracket for targeted use of radiant heat. The compact design, low weight and integrated safety shut-off make the spotlight ideal for mounting on restaurant parasols and canopies. Colors: white, black; suitable for wall and ceiling mounting, dimensions: 540x110x76 (162 incl. bracket) mm, protection class: IP 65, voltage: 230 V, plug-in cable 180 cm, system version: CE compliant.

ETIM characteristics

Model	Ceiling-/wall emitter	Voltage	230 230 Volt
Mounting method	Surface mounting	Number of heating levels	1
Power step OFF	✗	Min. heating power	1800 Watt
Mounting over cradle	✗	Max. heating power	1800 Watt
Degree of protection (IP)	IP65	Min. mounting height	1.8 Metre
Colour	Black	Max. mounting height	2.4 Metre
Compatible with Apple HomeKit	✗	Height	110 Millimetre
Compatible with Google Assistant	✗	Width	76 Millimetre
Compatible with Amazon Alexa	✗	Depth	540 Millimetre
IFTTT support available	✗	RAL-number	9011
