

PRODUCT DATASHEET

Type: ET-ZESTO-40-160-1-CR-NT
Art. Nr.: 46418

Short description

Wall heating set incl. towel rail without thermostat, 320 W

Product Description

The ZESTO NT concealed towel warmer is a wall heating set consisting of a heating mat incl. limiter (approx. 60 °C), a high-quality, chrome-plated KEUCO towel rail and an insulating panel. The mesh heating mat and the insulating plate are flush-mounted in the wall. The towel rail included is surface-mounted. The thin-bed mesh heating mat can be laid in tile adhesive under tiles or under plaster. Dimensions of mat: 40 x 160 cm, power 320 W, wall temperature: approx. 55 °C, voltage 230 V. Insulating plate dimensions: 195 x 60 x 6 cm. Towel rail dimensions: 65 cm, Ø 25 mm, chrome-plated. Use an ecodesign-compatible thermostat to control the towel warmer.

ETIM characteristics

Radiator design	Straight	Max. input power electric heating	320 Watt
Swivelling	×	Supply voltage	230 230 Volt
With fan	×	Frequency supply voltage	50 50 Hertz
Suitable for wireless remote control	×	Connection cable length	4 Metre
With remote control	×	Width	400 Millimetre
With time switch clock	×	Height	1600 Millimetre
Colour	Chrome	Depth	60 Millimetre
Degree of gloss	Glossy		
Degree of protection (IP)	IPX7		
Protection class according to IEC 61140	I		
Digital indication	×		
Suitable for bus connection	×		
Programmable	×		
Adaptive (self-learning)	×		
Consumption indication	×		
Operation by app	×		
With mounting material	×		
Type approval according to BBR/EKS	×
