Dimensions in mm

## Cable assembly WINSTA® MIDI 3-pole

The WINSTA® MIDI cable assembly with protection against mismating provides the foundation for installation of solid and fine-stranded conductors. On PCBs, in control cabinets or for connecting lights – pluggable installation connectors from WAGO allow you to establish connections according to many different requirements in next to no time. The color coding and mechanical coding of the pluggable installation connector ensure error-free installation of the individual components – including protection against mismating. The pluggable installation connector is protected against ingress by solid objects in accordance with protection type IP20 (When mated: IP2xC (These compact connectors are not designed for use in open, easily accessible areas!)). The WINSTA® MIDI pluggable installation connector with A coding in white or black is normally used for general mains applications in power distribution. This pluggable installation connector is used for electrical currents up to 20 A. Thus the product is especially suitable for high power loads. The WINSTA® MIDI product line allows maximum flexibility for the installation. With its Push-in CAGE CLAMP® spring pressure connection technology, it guarantees error-free, time-saving installation and offers customization and flexibility for meeting all installation requirements. Anyone who needs to worry about technical safety requirements for fire protection reasons for electrical installation should use only top quality components. Our product satisfies the strict safety standards of fire class B2. In the manufacturing of this cable assembly, halogens were deliberately omitted. That is an important contribution to environmental protection.

Fast, secure pluggable connections – cable assemblies from WAGO

The cable is pre-assembled with a socket and a free end. WINSTA® is the pluggable connection system that is optimally tailored to the strict requirements of electrical installation. It ensures fast, secure and, above all, error-free installation of components and cables. Now you can also cut installation costs without compromising safety and quality: with marking reduces the need for servicing and prevents unnecessary downtime.

- · pluggable installation connectors with protection against mismating
- · for automation controllers
- for any mains application
- · ready for immediate use
- · rapid, structured electrical installation

## 1 Compatible Products

#### 1.1 Required Accessories

### 1.1.1 Locking system

Item No.: 770-101

## 1.1.1.1 Locking system

Locking lever; for flying leads; for manual operation; black

Item No.: 770-121 Locking lever; for flying leads; for manual operation; white

Item No.: 770-111

Locking lever; for flying leads; for tool operation; black

Item No.: 770-131

Locking lever; for flying leads; for tool operation; white

#### 1.2 Optional Accessories

#### 1.2.1 Cover

## 1.2.1.1 Cover

Item No.: 770-201

Lockout cap; 12-pole, separable; for sockets; Plastic; black

Item No.: 770-221

Lockout cap; 12-pole, separable; for sockets; Plastic; white

Item No.: 897-2003

Protective cap; Type2; for sockets and plugs; PVC; red

## Data Sheet | Item Number: 771-9293/117-801

#### 1.2.2 Installation

## 1.2.2.1 Mounting accessories

<u>Item No.: 770-310</u>

Mounting carrier; 2- to 5-pole; for flying leads; black

### 1.2.3 Marking

### 1.2.3.1 Marker

Item No.: 770-450/000-006

Marker card; Plastic; blue

Item No.: 770-450/000-001 Marker card; Plastic; green <u>Item No.: 770-450/000-012</u> Marker card; Plastic; orange <u>Item No.: 770-450/000-005</u> Marker card; Plastic; red

F

<u>Item No.: 770-450</u> Marker card; Plastic; white Item No.: 770-450/000-002 Marker card; Plastic; yellow

## 1.2.3.2 Marking strip

#### Item No.: 210-334

Marking strips; as a DIN A4 sheet; Strip width 5 mm; Strip length 182 mm; plain; Self-adhesive; white
