#### Cable assembly WINSTA® MIDI A coding

The WINSTA® MIDI cable assembly A coding supports fast, reliable installation. WAGO pluggable installation connectors are useful when specifications repeat or are planned on a specified grid, for example for installing grid lighting or flush-mount lighting. The color coding and mechanical coding of the pluggable installation connector ensure error-free installation of the individual components – including protection against mismating. The pluggable installation connector is protected against ingress by solid objects in accordance with protection type IP20 (When mated: IP2xC (These compact connectors are not designed for use in open, easily accessible areas!)). Standard mains applications for almost any domain of use can be realised with WIN-STA® MIDI pluggable installation connectors with A coding. The WINSTA® MIDI product line achieves flexibility for the installation. Through its Push-in CAGE CLAMP® spring pressure connection technology, it guarantees time-saving, error-free installation and offers flexibility for meeting an enormous variety of installation requirements. Building safety must be ensured at all times, even after the electrical installation stage. The required safety requirements in connection with EU CPR are fully satisfied by this product through fire class E. The cable assembly is free of halogen. This eliminates the addition of environmental pollutants during production. It also increases the fire class, since halogen-free materials are flame-resistant.

Fast, secure pluggable connections - cable assemblies from WAGO

A socket and a plug are available. The WINSTA® Pluggable Connection System is ideally tailored to the strict requirements of building installation. It makes electrical installation pluggable, and therefore more efficient, more reliable, and error-free. Using this pre-assembled system reduces time spent on assembly and installation errors at the construction site. Now you can also reduce installation expenses without compromising safety and quality: with protection against mismating eliminates the need for servicing and prevents unnecessary downtime.

- · protection against mismating eliminates errors
- simple circuits
- · with A coding for a large number of applications
- exact dimensions
- · rapid, structured electrical installation

Notes	
Note	Cables with a different fire class can be found in the eShop.

Plug-in connection	
Mismating protection	Yes
Note on mismating protection	All WINSTA® components are 100% protected against mismating when: a.) plugging different numbers of poles b.) plugging while rotated 180 c.) plugging while laterally staggered d.) plugging one pole
Locking lever	Can be retrofitted
Locking of plug-in connection	Locking lever
Note on locking system	All connectors for mounted installations (snap-in versions for lighting fixtures or devices, all types of PCB and distribution connectors) are factory-equipped with locking levers to ensure plugs and sockets are securely locked. Additional locking levers are only required for flying leads (plug/socket).

Material data	
Note (material data)	
	<u>Information on material specifications can be found here</u>
Color	black
Insulation material (main housing)	Polyamide (PA66)
Fire class per EN 50575	$E_ca$
Contact material	Copper or copper alloy; surface-treated
Contact Plating	Tin
Fire load	239.836 MJ
Connector color	black
Strain relief color	black
Printing color of strain relief	white

# 1 Compatible Products

# 1.1 Required Accessories

### 1.1.1 Locking system

# 1.1.1.1 Locking system

# Item No.: 770-101

Locking lever; for flying leads; for manual operation; black

# Item No.: 770-121

Locking lever; for flying leads; for manual operation; white

#### Item No.: 770-111

Locking lever; for flying leads; for tool operation; black

#### Item No.: 770-131

Locking lever; for flying leads; for tool operation; white

### 1.2 Optional Accessories

#### 1.2.1 Cover

#### 1.2.1.1 Cover

#### Item No.: 770-201

Lockout cap; 12-pole, separable; for sockets; Plastic; black

<u>Item No.: 770-221</u> Lockout cap; 12-pole, separable; for sockets; Plastic; white

Item No.: 770-360 Lockout cap; for plugs; 5-pole; separable; yellow

#### 1.2.2 Installation

### 1.2.2.1 Mounting accessories

<u>Item No.: 770-310</u>

Mounting carrier; 2- to 5-pole; for flying leads; black

#### 1.2.3 Marking

#### 1.2.3.1 Marker

Item No.: 770-450/000-006

Marker card; Plastic; blue

Item No.: 770-450/000-001 Marker card; Plastic; green

Item No.: 770-450/000-012 Marker card; Plastic; orange

Item No.: 770-450/000-005 Marker card; Plastic; red

Item No.: 770-450

Marker card; Plastic; white

Item No.: 770-450/000-002 Marker card; Plastic; yellow

#### 1.2.3.2 Marking strip

#### Item No.: 210-334

Marking strips; as a DIN A4 sheet; Strip width 5 mm; Strip length 182 mm; plain; Self-adhesive; white
