

## PRODUCT DATASHEET

### ST CLAS B 25 FR 2.5 W/2700 K E14

LED Retrofit CLASSIC B | LED lamps, classic mini-candle shape

#### Areas of application

- Perfect for decorative installations
- Domestic applications
- General illumination
- Outdoor use in suitable outdoor luminaires only

#### Product benefits

- Lamps with innovative LED "filament" technology
- Design, dimensions, luminous flux comparable to an incandescent or halogen lamp
- No UV and near-IR radiation in the light beam
- Instant 100 % light, no warm-up time
- Lower thermal output (compared with the standard reference product)
- Can be easily fitted instead of ordinary light bulbs

#### Product features

- Professional LED lamps for line voltage
- Not dimmable
- Good quality of light; color rendering index  $R_a \geq 80$ ; constant chromaticity

- Lifetime: up to 15,000 h
- Lamp made of glass

TECHNICAL DATA

Electrical data

|                                          |             |
|------------------------------------------|-------------|
| Nominal wattage                          | 2.5 W       |
| Construction wattage                     | 2.50 W      |
| Nominal voltage                          | 220...240 V |
| Claimed equiv. conventional lamp power   | 25 W        |
| Nominal current                          | 19 mA       |
| Type of current                          | AC          |
| Inrush current                           | 1.8 A       |
| Operating frequency                      | 50/60 Hz    |
| Mains frequency                          | 50/60 Hz    |
| Max. lamp no. on circuit break. 10 A (B) | 250         |
| Max. lamp no. on circuit break. 16 A (B) | 400         |
| Power factor $\lambda$                   | > 0.50      |

Photometrical data

|                                         |               |
|-----------------------------------------|---------------|
| Luminous flux                           | 250 lm        |
| Nominal useful luminous flux 90°        | 250 lm        |
| Luminous efficacy                       | 100 lm/W      |
| Lumen main.fact.at end of nom.life time | 0.70          |
| Light color (designation)               | Warm White    |
| Color temperature                       | 2700 K        |
| Color rendering index Ra                | 80            |
| Light color                             | 827           |
| Standard deviation of color matching    | $\leq 6$ sdcm |
| Rated LLMF at 6,000 h                   | 0.80          |
| Flickering metric (Pst LM)              | 1.0           |
| Stroboscope effect metric (SVM)         | 0.9           |

## Light technical data

|                                    |          |
|------------------------------------|----------|
| Beam angle                         | 300 °    |
| Warm-up time (60 %)                | < 0.50 s |
| Starting time                      | < 0.5 s  |
| Rated beam angle (half peak value) | 300.00 ° |

## Dimensions &amp; Weight

|                  |           |
|------------------|-----------|
| Overall length   | 100.00 mm |
| Diameter         | 35.00 mm  |
| Maximum diameter | 35 mm     |
| Product weight   | 16.00 g   |

## Temperatures &amp; operating conditions

|                                      |              |
|--------------------------------------|--------------|
| Ambient temperature range            | -20...+40 °C |
| Maximum temperature at tc test point | 59 °C        |

## Lifespan

|                                     |         |
|-------------------------------------|---------|
| Lifespan                            | 15000 h |
| Number of switching cycles          | 100000  |
| Lumen maintenance at end of serv    | 0.70    |
| Rated lamp survival factor at 6,000 | ≥ 0.90  |

## Additional product data

|                             |                                                                                                                                                                                                                                                                                                                                              |
|-----------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Base (standard designation) | E14                                                                                                                                                                                                                                                                                                                                          |
| Mercury content             | 0.0 mg                                                                                                                                                                                                                                                                                                                                       |
| Mercury-free                | Yes                                                                                                                                                                                                                                                                                                                                          |
| Design / version            | Frosted                                                                                                                                                                                                                                                                                                                                      |
| Product remark              | All technical parameters apply to the entire lamp / Due to the complex production process for light-emitting diodes, the typical values shown for the technical LED parameters are purely statistical values that do not necessarily match the actual technical parameters of each individual product, which can vary from the typical value |

## Capabilities

|          |    |
|----------|----|
| Dimmable | No |
|----------|----|

## Certificates &amp; Standards

|                         |                |
|-------------------------|----------------|
| Energy efficiency class | F 1)           |
| Energy consumption      | 3.00 kWh/1000h |

|                                              |          |
|----------------------------------------------|----------|
| Type of protection                           | IP20     |
| Standards                                    | CE / EAC |
| Photobiological safety group acc. to EN62778 | RG0      |

1) Energy efficiency class (EEC) on a scale of A (highest efficiency) to G (lowest efficiency)

### Country-specific categorizations

|                 |                          |
|-----------------|--------------------------|
| ILCOS           | DRBB/F-3-230-E14-35/97,5 |
| Order reference | LEDSCLB25 2,5W/          |

### Energy labelling regulation data acc EU 2019/2015
