MOBIWAY™ is the unique Nexans transport and unwinding system, making it easier to carry and unwind your drum. It will make your daily work easier!

The MOBIWAY™ flange set is part of the **innovative and unique MOBIWAY™ transport and unwinding system**. The flange set simply snaps on a MOBIWAY™ drums and makes transporting and setting up drums easier. The MOBIWAY™ flange set is **reusable** over and over again.

OMSCHRIJVING

MOBIWAY™ is the new Nexans patented set of plastic drum and its associated unwinding system. Practical and handy, the **MOBIWAY™** system makes it easy to transport and handle your drums for a stress-free and easier installation. Moreover, the unwinding system is reusable!

Guide to use:

- snap the MOBIWAY™ flanges onto the MOBIWAY™ drum & lock them into place
- carry by the handles - by 1 or 2 people depending on the weight
- put the drum down and click the handles into the standing position
- unwind the cable
- when the drum is empty, unlock the MOBIWAY™ flanges and reuse them on a new MOBIWAY™ drum

A full MOBIWAY™ system consists of:

- 1 compatible MOBIWAY™ drum
- 1 set of 2 snap-on MOBIWAY™ flanges
