

Category (ETIM):	Control accessories electrical engineering
Type:	DALI signal Freely parameterisable system-LC-OM DALI PRO PB COUPLER
Order number:	84501029100
Certifications:	IP 20, CE
Weight (net) (kg):	0.043
Dimensions LxWxH/DxH (mm):	42 x 42 x 20
mounting method:	Box flush mounting
EAN-number:	4020863264339
Commodity code:	85176200

LC-OM DALI PRO PB COUPLER • 84501029100

DALI push button coupler

The DALI pushbutton coupler is a binary input device for insertion in a flush mounted box. The device is powered via the connected DALI line. The device has 4 input channels for potential-free contacts. It can be connected to switches or pushbuttons. The required voltage is supplied by the DALI pushbutton coupler (no additional voltage source needed). Initiated by the connected pushbutton or switch, the DALI pushbutton coupler sends telegrams to a central DALI controller via the DALI line. A controller (e.g. LC-OM DALI PRO CONT-4RTC or LC-OM DALIeco) is also required for operation of the control system
