

**Product name**

SM-D3-2000-D-W

**Item number**

9300188

**Manufacturer**

SOLAMAGIC

**Product description**

SOLAMAGIC D3 recessed dark infrared heater with screen, 2kW, white

The SOLAMAGIC D3 recessed ceiling heater enables safe and discreet installation of the premium dark infrared heater for a wide variety of ceiling designs, especially for use in protected outdoor areas or as a zone heater, e.g. in conservatories. The casing and the frame are made of high quality aluminium. The device is equipped with a Solastar-AL heating tube, which, in addition to high efficiency and a very long service life (approx. 5000 operating hours), is particularly impressive due to low levels of residual light. In protected outdoor areas, dark infrared heaters allow for highly flexible use and guarantee continually pleasant heating zones. Colours: titanium, white, nano-anthracite; high efficiency, no heating phase, power: 2000 W; protection rating: IP 45; protection rating: I, dimensions with frame (without frame): 900 (850) x 370 (300) mm, installation depth: 100 mm, connection: 40 cm +180 cm plug-in cable for installation connection; 1-phase power connection 16A, 230 V, CE marking.

**Technical Details**

<b>Model</b>	Ceiling radiator	<b>Voltage</b>	230 230 Volt
