

Product name

SM-S3-2500-D-W

Item number

9300353

Manufacturer

SOLAMAGIC

Product description

SOLAMAGIC S3 built-in infrared heater, panel, 2.5kW, white

The SOLAMAGIC S3 recessed ceiling spotlight enables safe and discreet installation of the premium infrared heaters in a wide variety of ceiling constructions. The casing and the mounting frame are made of high-quality aluminium. The device is equipped with a Solastar-G2 heating tube, which, in addition to high efficiency, has a very long service life (about 5000 hours of operation). Especially in outdoor areas, infrared radiation heaters allow for highly flexible applications and guarantee constant, pleasant heating zones. Due to its short wavelength, infrared heat radiation penetrates the air particularly efficiently and thus creates high operating cost savings compared to gas radiators. Thanks to the innovative reflector design, the heat reaches the maximum amount of space. Colours: titanium, white, nano-anthracite, high efficiency, no heating phase, power: 2500 W with increased starting current, protection rating: IP 44, protection rating: I, quality marking: TÜV Nord, CE. Weight: 10.2 kg, dimensions with frame (without frame): 900 (746) x 370 (215), depth: 82 mm, installation depth: 100 mm, connection: 40 cm + 180 cm plug-in connection cable for installation connection, 1-phase power connection 16A, 230 V.

Technical Details

Model	Ceiling radiator	Voltage	230 230 Volt
Mounting method	Built-in	Number of heating levels	1
Power step OFF	No	Min. heating power	2500 Watt
Mounting over cradle	No	Max. heating power	2500 Watt
Degree of protection (IP)	IP44	Min. mounting height	1.8 Metre
Colour	White	Max. mounting height	2.5 Metre
Compatible with Apple HomeKit	No	Height	900 Millimetre
Compatible with Google Assistant	No	Width	370 Millimetre
Compatible with Amazon Alexa	No	Depth	100 Millimetre
IFTTT support available	No	RAL-number	9010
