

**Product name**

ET-TF-ITR80-AP

**Item number**

39422

**Manufacturer**

ETHERMA

**Product description**

Temperature sensor incl. casing as room sensor for ITR-80

The remote temperature sensor is housed in a polycarbonate case and can be used as a room sensor by means of wall mounting. The connection is made at the back end via an internal 2-pole screw terminal, temperature range -50 to 105 °C.

**Technical Details**
