

Product name

ICE-20

Item number

40580

Manufacturer

ETHERMA

Product description

Heating loop with thermostat for metal pipes, 20m, 200W, 230V

The ICESTOP heating loop protects pipes from ice and from ice damage. The ICESTOP is a plug-in heating cable with a constant output of approx. 10 W/m. The cast thermostat is 100% moisture-resistant and turns frost protection on at temperatures below 3°C and off again at 9°C or higher. Only suitable for metal pipes. protection rating: IP X7, certification mark: FIMKO, CE marking, min. mounting temperature: - 15 °C, dimension: 5.5 x 8.5 mm, min. bending radius: 3 d, plug connection cable: 2 m, 230 V.

Technical Details

Cable type	Dual core	Max. hold temperature	90 Degrees celsius
Screening	Braiding	Heating capacity	10 Watt per metre
Colour	Blue	Nominal voltage	230 Volt
Application	Pipe heating	Diameter	8.5 Millimetre
		Height	8.5 Millimetre
		Width	5.5 Millimetre
		Length	20 Metre
