

**Product name**

ET-EXO-COMFORT-1800RC-W

**Item number**

45023

**Manufacturer**

ETHERMA

**Product description**

ETHERMA EXO COMFORT infrared heater, RC, 1.8kW, white, IP65

The ETHERMA EXO COMFORT offers excellent value for money and the ultimate comfort. It is so versatile that it can be used for countless applications in private and commercial outdoor areas. The gold-coated infrared halogen tube heater combined with a new, optimized reflector ensures a highly efficient concentration of heat is projected forward. It is operated via an electronic multifunctional switch on the back of the device, which has both an integrated timer and a short heating function. Alternatively, it can also be controlled via a remote control (optional). The casing, made of high-quality aluminium, gives the heater a modern and durable design. The installation is carried out via a T-tilt bracket for targeted thermal radiation. Due to its lightweight compact design and integrated safety shutdown, this heater is ideally suited for mounting on gastro umbrellas and awnings. Colours: white, black; suitable for wall and ceiling mounting, dimensions: 540x110x76 (162 incl. mounting bracket) mm, protection rating: IP 65, voltage: 230 V, plug cable 180 cm, system structure: CE marking.

**Technical Details**

<b>Model</b>	Ceiling-/wall emitter	<b>Voltage</b>	230 230 Volt
<b>Mounting method</b>	Surface mounting	<b>Number of heating levels</b>	1
<b>Power step OFF</b>	Yes	<b>Min. heating power</b>	1800 Watt
