

Product name

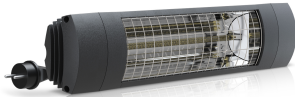

ET-EXO-COMFORT-1800RC-B

Item number

45024

Manufacturer

ETHERMA

Product description

ETHERMA EXO COMFORT infrared heater, RC, 1.8kW, black, IP65

The ETHERMA EXO COMFORT offers excellent value for money and the ultimate comfort. It is so versatile that it can be used for countless applications in private and commercial outdoor areas. The gold-coated infrared halogen tube heater combined with a new, optimized reflector ensures a highly efficient concentration of heat is projected forward. It is operated via an electronic multifunctional switch on the back of the device, which has both an integrated timer and a short heating function. Alternatively, it can also be controlled via a remote control (optional). The casing, made of high-quality aluminium, gives the heater a modern and durable design. The installation is carried out via a T-tilt bracket for targeted thermal radiation. Due to its lightweight compact design and integrated safety shutdown, this heater is ideally suited for mounting on gastro umbrellas and awnings. Colours: white, black; suitable for wall and ceiling mounting, dimensions: 540x110x76 (162 incl. mounting bracket) mm, protection rating: IP 65, voltage: 230 V, plug cable 180 cm, system structure: CE marking.

Technical Details

Model	Ceiling-/wall emitter	Voltage	230 230 Volt
Mounting method	Surface mounting	Number of heating levels	1
Power step OFF	Yes	Min. heating power	1800 Watt
Mounting over cradle	No	Max. heating power	1800 Watt
Degree of protection (IP)	IP65	Min. mounting height	1.8 Metre
Colour	Black	Max. mounting height	2.5 Metre
Compatible with Apple HomeKit	No	Height	110 Millimetre
Compatible with Google Assistant	No	Width	540 Millimetre
Compatible with Amazon Alexa	No	Depth	162 Millimetre
IFTTT support available	No	RAL-number	9011
