

Product name

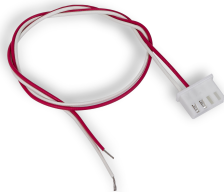

ET-AQUA-WHP-CCI

Item number

44868

Manufacturer

ETHERMA

Product description

Smart Grid connection cable for AQUA WHP

Connecting line with plugs between heat pump and inverter so that the heat pump can be supplied with the excess energy generated by a PV system. By closing a no potential contact from the inverter, the setpoint of the drinking water temperature is increased. For using the surplus energy generated by PV systems
