

Product name

LAVA2-DESK-80-S

Item number

41235

Manufacturer

ETHERMA

Product description

Table infrared heating panel, ON/OFF, white, 80W

The LAVA DESK 2.0 provides the perfect warmth at a desk - whether at work or in the kids' room. The infrared panel is also suitable for creating a warm place for your four-legged friend. Due to its simple installation, the infrared heating panel can be easily mounted under the tabletop or on walls and provides good heat. At only 15 mm high, it is virtually invisible under the table and takes up no space. In this variant (-S), the connection cable has an ON/OFF switch. Optionally, the standard connection cable can be replaced by the separately available ET-DESK-DIMM connection cable. With this, 3 power levels can be selected and 3 timer times can be set. Surface temperature: max. 70 °C, colour: RAL 9016 white, protection rating: IP 21, plug connection cable 2 m with ON/OFF switch, power: 80 W, dimensions: 700 x 280 x 15 mm, CE marking.

Technical Details

Type of IR radiation	IR-C	Power consumption	80 Watt
Mounting method	Surface mounting	Supply voltage	230 230 Volt
Mounting direction	Horizontal/vertical	Frequency supply voltage	50 50 Hertz
Ceiling mounting	No	Max. surface temperature	70 Degrees celsius
Degree of protection (IP)	IP21	Height	15 Millimetre
Colour	White	Width	280 Millimetre
With imprint	No	Depth	700 Millimetre
With room temperature controller	No	RAL-number	9016
With mounting material	Yes	Colour temperature	0 0 Kelvin
With framework	No		
Material framework	Other		
Colour framework	White		
Surface treatment	Other		
Surface structure front side panel	Smooth		
With lighting cove	No		
Dimmable	No		
Light outlet	Direct
