

# PRODUCT DATASHEET

## DP 1200 32W 830 IP65 GY

DAMP PROOF | Damp-proof luminaires, classic shape

### Areas of application

- Industrial and storage facilities
- Car parks and underpasses
- Garages
- Workshops, assembly lines

### Product benefits

- Low flicker  $\leq 10\%$
- Evenly distributed light
- Energy savings of up to 60 % (compared to luminaires that use fluorescent lamps)
- Easy installation, no tools required for connection
- 5 years guarantee

### Product features

- High luminous efficacy: up to 139 lm/W
- Beam angle: 110°

## TECHNICAL DATA

## Electrical data

|                                          |                       |
|------------------------------------------|-----------------------|
| Nominal wattage                          | 32.00 W               |
| Nominal voltage                          | 220...240 V           |
| Mains frequency                          | 50...60 Hz            |
| Nominal current                          | 280.000 mA            |
| Inrush current                           | 12.2 A                |
| Inrush current time $T_{H50}$            | 210 $\mu$ s           |
| Max. no. of lum. on circuit break. B16 A | 27                    |
| Max. no. of lum. on circuit break. C10 A | 24                    |
| Max. no. of lum. on circuit break. C16 A | 39                    |
| Power factor $\lambda$                   | > 0.90                |
| Total harmonic distortion                | < 20 %                |
| Protection class                         | I                     |
| Operating mode                           | Integrated LED driver |

## Photometrical data

|                                              |            |
|----------------------------------------------|------------|
| Luminous flux                                | 4000 lm    |
| Luminous efficacy                            | 125 lm/W   |
| Color temperature                            | 3000 K     |
| Light color (designation)                    | Warm White |
| Color rendering index Ra                     | > 80       |
| Standard deviation of color matching         | 4 sdcn     |
| Low flicker                                  | Yes        |
| Flickering metric (Pst LM)                   | $\leq 1$   |
| Stroboscope effect metric (SVM)              | $\leq 0.4$ |
| Photobiological safety group acc. to EN62778 | RG0        |
| Beam angle                                   | 110 °      |

|                                            |                    |
|--------------------------------------------|--------------------|
| Housing color                              | Gray               |
| Body material                              | Polycarbonate (PC) |
| Cover material                             | Polycarbonate (PC) |
| Light emitting surface material            | Polycarbonate (PC) |
| Glow Wire Test according to IEC 60695-2-12 | 850 °C             |
| Mercury content                            | 0.0 mg             |

Application & Mounting

|                                        |                   |
|----------------------------------------|-------------------|
| Ambient temperature range              | -25...+40 °C      |
| Temperature range at storage           | -25...+80 °C      |
| Type of connection                     | Terminal, 3-pin   |
| Type of protection                     | IP65              |
| Protection class IK (shock resistance) | IK08              |
| Dimmable                               | No                |
| Mounting type                          | Suspended/Surface |
| Mounting location                      | Ceiling / Wall    |
| Application environment                | Indoor            |
| LED module replaceable                 | Not replaceable   |
| With light source                      | Yes               |

Lifespan

|                            |         |
|----------------------------|---------|
| Lifespan L70/B50 at 25 °C  | 70000 h |
| Lifespan L80/B10 at 25 °C  | 50000 h |
| Lifespan L90/B10 at 25 °C  | 44000 h |
| Number of switching cycles | 100000  |

Control gear

|                |        |
|----------------|--------|
| Output current | 370 mA |
|----------------|--------|

Certificates & Standards

|                                                      |                                       |
|------------------------------------------------------|---------------------------------------|
| Standards                                            | CE / CB / ENEC / TÜV SÜD / EAC / RoHS |
| Luminaire with limited surface temperature, "D sign" | Yes                                   |
| Ball shot safe                                       | No                                    |

EQUIPMENT / ACCESSORIES

- Stainless steel clamps with safety screws included
