Data Sheet | Item Number: 2016-499

Step-down jumper; from 2016/2010 to 2010/2006/2004/2002 series; from

2216/2210 to 2210/2206/2204/2202 series; insulated; light gray

Color: ■ light gray

Electrical data

R	latings	per	IEC/	ΈN

Installation Notes

Commoning

Step-down jumpers common terminal blocks of different sizes, without losing a conductor clamping point. This can be beneficial on long conductor runs where voltage drop can be a problem. A large conductor can be easily connected to smaller conductors at the distribution point. Commoning may be made in either direction using the special thin end plate to cover the open side. Additional through terminal blocks having a smaller cross-section may be commoned using push-in type jumper bars.

Commoning

Using step-down jumpers, an end plate must be inserted between the terminal blocks to be commoned.

Commoning

Commoning with step-down jumpers.

Commoning

Step-down jumper (2016-499) commons 16/10 mm² (16/8 AWG) terminal blocks (2016/2010 Series) with 10/6/4/2.5 mm² (8/10/12/14 AWG) terminal blocks (2010/2006/2004/2002 Series).
