

Shield termination *WINSTA*® MINI 4-pole

The shield termination from the *WINSTA*® MINI product line guarantees you the maximum flexibility in electrical installation. An extensive range of accessories rounds out the *WINSTA*® product line from WAGO. *WINSTA*® MINI satisfies the demand for miniaturisation. Our smallest pluggable connection system is very good for lights, for example, since as a result of LED technology; due to complex systems, these offer significantly less space for the connection technology.

Push-in CAGE CLAMP® spring pressure connection technology – pluggable installation instead of laborious screw connections!

WINSTA® is the pluggable connection system that is ideally tailored to the strict requirements of electrical installation. It allows error-free installation of cables and components, quickly and reliably. Choose durability and quality – the *WINSTA*® MINI accessory with protection against mismating from WAGO makes the electrical installation of electrical components significantly easier.

- easy tool-free operation, a wide range of coding options
- convenient installation and commissioning
