Dimensions in mm

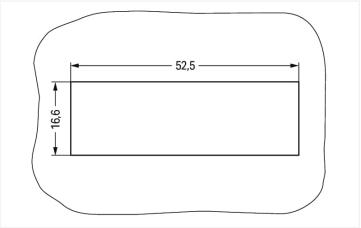

Plate thickness: 1 ... 3 mm Cutout tolerance: + 0.1 mm

Please see note below!

Mounting accessories WINSTA® MIDI 5-pole

The mounting accessories from the WINSTA® MIDI product line guarantees you the maximum flexibility in electrical installation. You can rely on the level of quality of WINSTA® components from WAGO for your electrical installation accessories too. WINSTA® MIDI with Push-in CAGE CLAMP® spring pressure connection technology is used in can be found in a variety of projects you can use for quick, easy, secure, tailored installation.

Push-in CAGE CLAMP® spring pressure connection technology – pluggable installation instead of laborious screw connections!

The WINSTA® Pluggable Connection System allows pluggable electrical installation. This significantly reduces the need for servicing and lowers costs. Take advantage of the pluggable version of our maintenance-free spring pressure connection technology too! Plan your installation with WINSTA® MIDI accessories with protection against mismating from WAGO.

- pre-assembled versions
- quick replacement of defective units during ongoing operation

Notes

Note The snap-in connectors must be relieved of tensile and transverse forces. A surface finish can influence the edge radius of the cutouts.

This may affect the snap-in socket fit, so ensure an adequate fit before use. In addition, the punched edge should be on the inside for punched cutouts. The wings of the snap-in connectors must not be mechanically stressed for a long peri-

od before use (e.g., due to a pre-locking position).
