

Finishing set for socket outlet with double equipotential bonding contact, white

101-69512

4 year warranty

Central plate with double equipotential bonding contacts. Specifically for professional use, for example in a laboratory. Finishing colour: white.

Technical data

Finishing set for socket outlet with double equipotential bonding contact, white.

- Function: The central plate has two openings and is clicked onto the double, potential-equalising socket outlet.
- Material central plate: The central plate is made of rigid PC and ASA. The base material is coloured in mass.
- Colour: white (coloured in mass, approximately NCS S 0502 - Y50R, RAL 9010)
- Print: The earthing colours green and yellow are clearly indicated in indelible print.
- Dismantling: To dismount simply pull the central plate off the mechanism.
- Protection degree: IP41 for the combination of a mechanism, central plate and faceplate
- Impact resistance: The combination of a mechanism, a central plate and a faceplate has an impact-resistance of IK06
- Fire safety
 - The plastic parts of the central plate are self-extinguishing (comply with a filament test of 650°C)
 - The plastic parts of the central plate are halogen-free.
- Dimensions of finishing: 45 x 45 mm (HxW)
- Dimensions (HxWxD): 44.5 x 44.5 x 8.6 mm
- Marking: CE
