

Finishing set with cable outlet for blind plate with strain relief, piano black coated

200-76001

4 year warranty

Central blind plate is intended to perfectly conceal a TV connection, for example. The cable outlet at the bottom of the blind plate prevents the cable connection from being pulled out. Finishing colour: piano black coated.

Technical data

Finishing set with cable outlet for blind plate with strain relief, piano black coated.

- Function: The central plate is equipped with an opening and can be expanded by breaking out the additional break-out surfaces. The central plate is clicked onto the flush-mounting frame with strain relief. This set is suitable for cables with a diameter of 6.6 up until 8.5 mm.
- Material central plate: The central plate is enamelled and made of rigid PC and ASA.
- Colour: Bakelite®-look piano black coated (approximately NCS S 9000 N, RAL 9005). Bakelite® is a registered trademark of Hexion GmbH
- Dismantling: Use a tool such as a screwdriver to dismount.
- Protection degree: The combination of a mechanism, a central plate and a faceplate has a protection degree of IP21-D
- Impact resistance: After mounting, an impact-resistance of IK06 is guaranteed.
- Fire safety
 - The plastic parts of the central plate are self-extinguishing (comply with a filament test of 650°C)
 - The plastic parts of the central plate are halogen-free.
- Dimensions of finishing: 45 x 45 mm (HxW)
- Dimensions (HxWxD): 44.5 x 44.5 x 8.6 mm
- Marking: CE
