

OSRAM AirZing™ Pro 5030 / 5040 UV Confidence in your Business

22.12.2020

Light is OSRAM

OSRAM

Alpine Association (A.N.A.), Italy

Mr. Carlo Macalli - National Representative A.N.A.

“I believe this experience can be repeated also in other operational scenarios, because it guarantees an easy use, adopting the necessary safety precautions against exposure to UV-C radiation.”

As Italian authorities frantically worked to manage the outbreak of the COVID-19, OSRAM stepped in to help, donating twenty-four AirZing Pro UV-C light fixtures to the logistics base of the field hospital in Bergamo.

The fixture were installed in various emergency structures and used to sanitize the clothes worn by volunteers.

QiCai Cinema, Harbin, China

Mr. Wang Haitao – Manager of QiCai Cinema, Harbin, China

“OSRAM AirZing UV-C purifier can help us to clean the halls and let customer feel safer.”

When the Chinese cinema company, QiCai Cinema, finally reopened their doors after six months of closure due to COVID-19, there were serious concerns about customer safety. Something had to be done to help reduce the risk of infection in this closed space.

OSRAM’s UV-C fixtures have been instrumental in helping the cinema industry regain the confidence of movie goers.

Curry Cabral Hospital, Lisboa, Portugal

Mr. Dr. Fernando Maltez – Director of the Infectious Diseases Service

“I and the whole team gladly accepted the idea of using UV radiation, in particular because it is one of the safest, most effective and “eco-friendly” technologies for disinfection. The enormous security and confidence that this additional protection transmits to the entire team in their daily lives, promotes the performance of the teams with the tranquility and dedication that any patient deserves.”

Since early June the Curry Cabral Hospital in Lisbon, Portugal, uses the AirZing Pro in places such as the infirmary and individual rooms, waiting rooms and common areas against COVID 19. The use of this UV-C technology is an additional method for cleaning surfaces and disinfect air in a hospital environment and in common hospital areas.

Hospital Wuhan, China

Nurse – Hospital Wuhan

“The fixture is a life saver for me and the team in the hospital.”

Wuhan, capital city of Hubei province, was hit by the coronavirus seriously in Jan 2020, more than one-thousand AirZing Pro 5040 are equipped in thirty-eight hospitals in Wuhan.

More Use Cases
