

Connectors

Description

A wide range of connectors are available in the Installation Materials range.

Connector strips with screw terminals can be used for applications where future access is available, while the Lever and Push-In connector ranges can be used for a maintenance-free solution.

Features

Connector Strips

- Captive backed out terminal screws.
- Flame-retardant polypropylene with steel inserts.

Releasable Lever Connectors

- Maintenance-free, re-usable terminations.
- Solid & stranded conductors from 0.2mm² to 4.0mm².
- Flame-retardant V0 polycarbonate shell.

Push-In Connectors

- Maintenance-free, fast fixing.
- Flame-retardant V0 polycarbonate shell.

Range

Connector Strips

3A 12 Way Connector Strip	23SC03
5A 12 Way Connector Strip	23SC05
15A 12 Way Connector Strip	23SC15
30A 12 Way Connector Strip	23SC30
60A 12 Way Connector Strip	23SC60

Releasable Lever Connectors

2 Port 32A Releasable Lever Connector	23LC322
3 Port 32A Releasable Lever Connector	23LC323
5 Port 32A Releasable Lever Connector	23LC325

Push-In Connectors

2 Port 24A Push-In Connector	23PC242
3 Port 24A Push-In Connector	23PC243
4 Port 24A Push-In Connector	23PC244
5 Port 24A Push-In Connector	23PC245
6 Port 24A Push-In Connector	23PC246

Compliance

- IEC 60998-1
