

EMERGENCY BULKHEAD ISO7010 LEGEND PACK INSTRUCTIONS

Issue 01 27th April 2015

This self-adhesive legend packs are designed to be applied to the diffuser of our Emergency Bulkhead & allow you to create the legends for the main 4 directions: up, down, left & right.

NLE3BISOL

The legend pack is made up of 5 cut panels, as shown in the diagram to the right. These need to be assembled on the diffuser of the fitting in the correct format to form the required legend.

Please use the following guide diagrams below to form your required legend. The “arrow” panel will need to be rotated as required.
