

2W LED Solar Wall Lantern 4000K Black

Brand: LED Solutions

Product type: Lanterns & Security Lights

Mfr number: RXL-LEXSL20B40-01

Part number: 2501120817

Product description

Solar LED wall lantern fitting perfect for outdoor areas with no mains power available. The front and rear facing LED light chips provide both functional and ambient illumination. It automatically turns onto standby glow mode when it gets dark (<30lux) and boosts to full power when occupancy detected.

Features and benefits

- No wiring, easy & simple installation
- Suitable for surface and wall mounting
- With movement & light sensor included
- Energy efficiency class: A+
- Rated ambient temperature: 25°C
- Luminous flux: 200
- Lumens per circuit watt: 100lm/w
- 30,000 Life hours
- Colour Rendering Index (CRI): 80+
- IP44 Degree of protection

Technical details

Colour temperature	4000 K	Degree of protection (IP)	IP44
Degree of protection (IP)		Max. system power	2 W
Average nominal lifespan	30000 h	Luminous flux	200 lm
