## T-splitter

## T SPLITTER M12/2XUS

| Application                           |                                                               |
|---------------------------------------|---------------------------------------------------------------|
| Design                                | for pressure sensors PNI                                      |
| Electrical data                       |                                                               |
| Operating voltage [V]                 | < 30 AC / < 36 DC                                             |
| Max. current load per module/slot [A] | 3                                                             |
| Max. current load total [A]           | 3                                                             |
| Operating conditions                  |                                                               |
| Ambient temperature [°C]              | -25...90                                                      |
| Protection                            | IP 68                                                         |
| Mechanical data                       |                                                               |
| Weight [g]                            | 38.2                                                          |
| Materials                             | PUR                                                           |
| Remarks                               |                                                               |
| Remarks                               | orientation connectors A/B horizontal (for a vertical sensor) |
| Pack quantity                         | 1 pcs.                                                        |
