

WPSU83FOBKO

13A FCU Unswitched with Flex Outlet & Back Box with Knockouts

Technical characteristics

Main electrical features

|               |      |
|---------------|------|
| Rated current | 13 A |
|---------------|------|

Fuse

|      |                              |
|------|------------------------------|
| Fuse | with ceramic fine fuse F 13A |
|------|------------------------------|

Dimensions

|        |       |
|--------|-------|
| Height | 86 mm |
| Width  | 86 mm |

Materials

|          |       |
|----------|-------|
| Colour   | grey  |
| Material | metal |

Cable

|        |                              |
|--------|------------------------------|
| Wiring | with double earth connection |
|--------|------------------------------|

Scope of delivery

|           |   |
|-----------|---|
| Component | with 2 fixing screws M3.5 x 20 mm and M3.5 x 30 mm each |
|-----------|---|

Standards

|          |           |
|----------|-----------|
| Standard | BS 1363-4 |
|----------|-----------|

Safety

|            |                             |
|------------|-----------------------------|
| Protection | to protect downstream loads |
|------------|-----------------------------|
