

# PSMD3024

Mains Dimmable 30W 24V Driver

## Features

IP rating	IP20
Driver Rated Wattage	30W

## Installation information

Install Connector Type	Terminals 0.75-4.0mm <sup>2</sup>
Insulation Coverable	No
Double Insulation	Yes
Inrush Current	3A 0.08ms
Construction Material	Plastic
Weight	450g
Maximum Ambient Temperature	50°C
SELV	Yes
Electric Class (1, 2, 3)	2

## Accessories

No accessories required
-------------------------

## PRODUCT CODES

Description	Characteristic 1
PSMD3024	Mains Dimmable 30W 24V Driver

## ELECTRICAL CHARACTERISTICS

Driver Rated Wattage	Driver Input Current	Driver Input Voltage	Drive Current	Driver Output Voltage	Driver Power Factor
30W	0.18A	180-240V AC	1.25A	24V DC	>0.95

## Guarantee

3 Year Warranty

## Features & benefits

- Ideal for LED strip and the SL250 path light
- 30W max load
- 24V input
- Dimming range: 0-100%, Load: 60-100%
- Protections: short circuit/ over loading /over current
- Cooling by free air convection
- Flicker free
- Constant Voltage
- Efficiency up to 83%
