

Metal Range IP66

- Designed and Manufactured to withstand the most arduous of conditions and operational life.
- constructed in zinc die-cast material
- IP66 Ingress Protection Rating

PD84/4PAM

TECHNICAL DATA		REGISTRY	
Rated current	10A	Net weight	0.22KG
Frequency	50/60Hz	EAN Code	5026992038451
Poles	3P+ $\frac{1}{2}$	Gross Weight	0.23KG
Protection degree	IP66	Min order quantity	1
Clock Position	N/A	REFERENCE STANDARDS	
Rated operating voltage	400V	STANDARDS	
Manufacturing material	Zinc alloy
