

# ZGRID500

8 grid adapters, 1 original dimmer

FOR  
TUNGSTEN  
/LV

The Zano Controls **ZGRID500** is the classic universal grid dimmer. The **ZGRID500** has the proven feature of a minimum level preset. With a simple adjustment you can set the minimum level to eradicate flicker at lower light levels.

Supplied with 8 grid adapters, this versatile product is compatible with MK Logic, Schneider Electric (GET), BG, Wandsworth, DETA, Hamilton, Hager and Crabtree.

**TOP TIP**  
The original  
Zano grid dimmer.  
Dims 40-500W
