

BIG WIPES[®]

MULTI-PURPOSE TECHNICAL DATA SHEET

DESCRIPTION

Multi-purpose, antibacterial cleaning wipes designed for use by anyone who needs a very tough, highly absorbent and immediate on-hand cleaning product.

4x4 Formula

The unique biodegradable, water-based formulation of 4x power cleansers ensures the removal of paint, adhesives, oil, sealants, silicones, PU foam and general grime. Preservative-free and designed to meet tough EU Regulation 1223/2009 for Cosmetic Products, Big Wipes Multi-Purpose wipes contain 4x skin conditioners - Aloe Vera, Lanolin, Vitamin E and Glycerine – all helping to nourish and protect the skin.

USAGE

Use without water for heavy duty cleaning of hands, tools and surfaces. Portable and convenient for tradespeople on the move. For best results, clean spills immediately.

FEATURES	BENEFITS
4x Power Cleansers	Remove paint, adhesives, silicone, epoxy, PU foam, oil, grease and more from hands, tools and surfaces. Save money and time by fixing accidents immediately and effectively.
4x Skin Conditioners	Aloe Vera: A natural healing plant, it soothes, moisturises and hydrates the skin. Glycerine: Mild, softening and moisturising, it allows for the absorption of the other conditioners. Lanolin: Highly emollient, it forms a protective film on the skin and moisturises dry, rough skin. Vitamin E: Anti-oxidant, helps maintain cell structure by protecting and repairing cell membranes.
Antibacterial action – certified to BS EN 1276	Tested to BS EN 1276, the rigorous European standard for the bactericidal activity of chemical disinfectants. Tests show 99%+ effectiveness against MRSA, C.Dif., E-Coli 157, Weils (from rats), Salmonella, Staphylococcus and Listeria.
Biodegradable, low VOC, water-based formula. Free from SLS, MIT, parabens, phosphates & preservatives	Zero levels of irritation recorded during controlled testing by dermatologists. Assessed to the latest EU Regulation 1223/2009 for Cosmetic Products. The user is protected from the exposure to toxic substances and fumes. The environment also benefits from the reduction of chemicals dumped daily into water systems and polluting the air.
Cutting Edge Power Fabric Technology, 3 layered, with a quilted textured surface	Super strength, superior dirt absorption, high tear resistance, lint free. The highly absorbent fabric captures liquid between the fibres, minimising the number of cleansing wipes used for any cleaning job. The weave is tighter, resulting in less lint
