

Our understanding of the wooden brushware market is attributed to over **150 years of experience** and knowledge passed down from generation to generation. The fusion of quality raw materials and skilled manufacturing creates a first-class selection that is perfect for the garden, hardware and commercial markets.

A step by step guide to ordering bespoke brushware

Step 1

Select your brush composition from our extensive range.

See page 38

Step 2

Select your bracket.
Each composition will state the brackets available with that block.

See page 51

Step 3

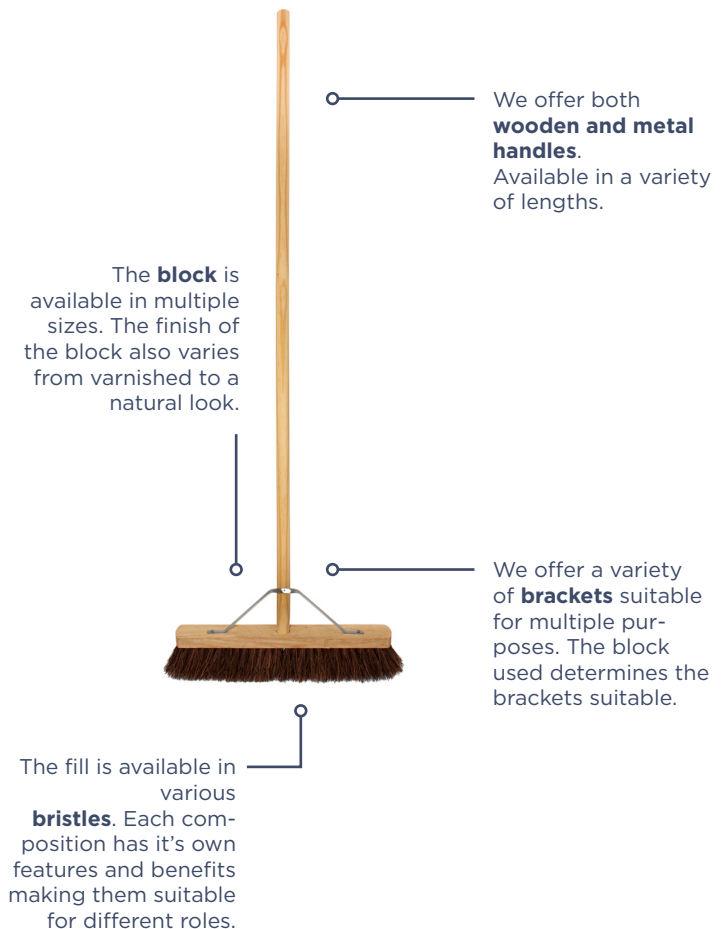

Select your handle. Each bracket will state the handle available.

See page 51

Step 4

Contact us with your choice.
Please have the SKU codes for your chosen products when contacting us to allow our team to view your choice.

Contact details are on the back page.

All our brushware is manufactured in the **UK**
