

Single Surface Box 28mm & 35mm

All D-Line Surface Boxes have a unique push-out tab, so for a single entry/exit there is no need to create knockouts!

Note the boxes are malleable, to facilitate the making of cut-outs when any additional entries are required.

Conforming to BS4662, and available in a variety of colours, use with Box Adaptors or Box Adaptor Tees to enable connections in line between vertical and horizontal installations. Please see [page 17](#).

For network outlets and break glass installations requiring additional capacity, 35mm depth white and red surface boxes are available also.

* All surface boxes supplied c/w push out tabs

28mm Deep Standard Corner Boxes

Code	Description	Colour
SSB28W	(L) 87mm x (W) 87mm x (H) 28mm	White
SSB28A	(L) 87mm x (W) 87mm x (H) 28mm	Aluminium
