

Product Specifications

Fire Hi-Visibility Armband, Fire Marshal

- Be seen in complete darkness
- Identification for personnel in authority such as incident co-ordinators
- Reflective material is highly visible when brought into contact with any light source
- Choice of fire warden or fire marshal wording

Our Fire Hi-Visibility Armband designed by Safety First Aid enables the wearer to be seen in complete darkness. It is used for identifying authoritative personnel in the case of an emergency and can help people reach an immediate point of contact after an incident. The reflective material is highly visible when brought into contact with any light source, ensuring that personnel wearing the armband are easily locatable.
