

Resuscitation of Adults Poster

- Durable laminated poster with full colour illustrations
- User friendly text and clear step-by-step instructions for workplace first aid
- Ensure your employees are ready in an emergency
- Compiled by qualified health and safety practitioners
- Updated with the latest guidance

The **Resuscitation of Adults Poster** contains clear step-by-step instructions for the delivery of effective resuscitation. The poster is designed both first aiders and non-first aiders with the essential first aid and safety information. Full colour illustrations, user-friendly text and clear, concise instructions provide guidance to employees on the following topics: - **Danger** - assessing the situation and taking the correct action based on the situation that one may face - **Response** - checking to see if the casualty is responsive - **Airway** - for an unresponsive casualty - **Breathing** - checking to see if the casualty is breathing - **Getting help** - knowing when to call for help - **Unresponsive (Not Breathing)** - If the casualty is unresponsive and if they are still breathing. Commencing CPR on the casualty and for how long - **Defibrillation** - using an AED (automated external defibrillator) - **Unresponsive (Breathing)** - how to position the casualty in the recovery position until further help arrives. The poster is fully updated with the latest guidance and best practice.
