610mm medium platform broom, wood back, densely filled medium Bahia/Bassine/Polypropylene. Bahia has outstanding sweeping and durability characteristics, and outperforms all other fibres, including plastics. The commoner, medium part of this remarkable natural fibre is specially selected for this broom. It performs superbly in wet or dry conditions, and is the best there is for use on all rugged surfaces, tarmac and concrete, and brushing out moderate mud and dustier rubble. Recommended handle, A54/2TAP, or better still, try the SNB1 metal socket.
