

Finest Stiff 263mm General Purpose Brush

SKU: D1BM

804548007206

263mm general purpose or churn brush, filled stiff Bahia/Bassine, chisel edged. Churn brushes were originally made for cleaning out barrels and milk churns, easy to hold and with thick, pointed material at the ends for thorough, easy cleaning of corners. They are now used for cleaning buckets, cement mixers, and very commonly for tuck pointing and chimney breast work in the building industry, and for general use on building sites and in yards and gardens. The D1B is a Must for the professional builder. It is resilient, holds its shape well, holds water well, may be used in very hot water, and does not crush out of shape easily, is tough, hard working and made to last. See also D1P, and the D8M for a long handled version.

Product Details	
Stock Material	Wood
Fill Material	Bahia
Product Length (mm)	264
Product Width (mm)	69
Product Height (mm)	103
Product Weight (kg)	0.316
Trim Length	40
Country of Origin	GREAT BRITAIN
Fitted with Handle	
Fitted with Handle & Stay	
Handle Diameter	
Handle Type	
Product Use	
Wet	
Dry	
Product Care	
Care Instructions	
Storage	
Sustainability	
Recycled Content	
FSC	Yes
Biodegradable	No
Recyclable	No
Packaging	
Pack Size	12
Individual Product Packaging Description	
Packaging Length	300
Packaging Width	252
Packaging Height	188
Packaging Volume
