Description

The **IK HC TRIGGER 1 professional sprayer** has been designed and manufactured with materials of maximum resistance to be used with vegetable and animal oils, hydrocarbon-based solvents, lubricants and petroleum products.

It is ideal for use in the automotive industry for tasks such as cleaning brakes, removing tar stains and removing silicone from the bodywork prior to painting.

The Trigger HC 1.5 is optimal for industrial applications of protection, degreasing and lubrication, as well as wood treatment.

This sprayer is ideal for isolated works on small surfaces.
