

**6" ALUMINIUM SQUARE**

- Square includes handy 6" rule for quick measurements and scribing
- Easy to read scale allows you to find any angle from 0 - 180 degrees

Stock Code: P3396

**12" ALUMINIUM TRI SQUARE**

- Heavy duty aluminium body with metric graduations
- Ideal for carpentry, metal work and D.I.Y. use
- Approx size 12" (300mm)

Stock Code: P3550

**16" x 24" CARPENTERS' SQUARE**

- Calibrated in metric and inch graduations
- Can be used for woodworking and roofing requirements
- Approx size 16" (400mm) x 24" (600mm)
- Display sleeve

Stock Code: P3700

**FOLDING SQUARE**

- Lightweight aluminium construction
- With 90 and 45 degree angles
- Can be used for tiling floors, patios, carpentry and large layout work
- Supplied with canvas storage bag

24" Stock Code: P3740
48" Stock Code: P3745

**ENGINEERS' SQUARE**

- Solid steel engineers square with hardened, tempered and finely polished blades

2" Stock Code: P3950
6" Stock Code: P3800
9" Stock Code: P3780

**24" RULE WITH SPIRIT LEVEL**

- Heavy duty aluminium construction
- With both metric and imperial graduations
- With two vials, one plumb and one level
- Approx size 24" (600mm)

Stock Code: P4035

**MINI KEY-RING SPIRIT LEVEL**

- Handy keyring spirit level
- Durable transparent moulded plastic
- Compact size: 40 x 15 x 15mm

Stock Code: P4815

**HEAVY DUTY PRO SPIRIT LEVEL**

- Includes vertical, horizontal and 45 degree vials
- Strong and lightweight body
- Easy grip handle

24" Stock Code: P4305
48" Stock Code: P4315
36" Stock Code: P4310

**RIBBED SPIRIT LEVEL**

- Heavy duty aluminium ribbed levels with two milled faces and 3 level vials (2 x vertical & 1 x horizontal)
- Plastic end caps

12" Stock Code: P4455
36" Stock Code: P4465
72" Stock Code: P4475
24" Stock Code: P4460
48" Stock Code: P4470

**24" ALUMINIUM RULE**

- Graduated in metric and imperial

Stock Code: P5180

**1m ALUMINIUM RULE**

- Anodised aluminium rule
- Graduated in metric and imperial
- Lightweight
- Suitable for a range of carpentry applications

Stock Code: P5190

**12" ALUMINIUM SCALE RULER**

- Aluminium construction
- Scale includes: 1:20, 1:25, 1:50, 1:75, 1:100 and 1:125
- Ideal for engineers, technical drawing and architects

Stock Code: P4985

**MINI MAGNETIC LEVEL**

- Compact pocket size
- 3 vials - horizontal, vertical and angular
- Magnetic base
- With V groove in both top and bottom
- Approx size: 150mm (6")

Stock Code: P4865

**ADJUSTABLE POST LEVEL**

- Adjustable angle for versatile use
- Magnetic strips for metal attachment
- Durable plastic construction
- Three vials

Stock Code: P4875

**200mm DIGITAL ANGLE FINDER WITH RULER**

- Large LED display measures unknown angles up to 360°
- Durable reinforced glass filled nylon construction
- Ideal for household and DIY use, including flooring, shelving, and tiling

Stock Code: P5330

**12" SCAFFOLD LEVEL WITH MAGNET**

- Made from die cast aluminium with strong magnets in the base
- Milled base
- Horizontal and vertical vials
- Approx size: 12" (300mm)

Stock Code: P4930

**12pc CARPENTER PENCIL**

- Oval section carpenters pencils with soft lead to leave a good mark on wood and other common building materials

Stock Code: H2100

**9" MAGNETIC LEVEL**

- Plastic body and aluminium side covers
- Three vials: plumb (vertical), level (horizontal) and mitre (45°)
- With magnetic bar on the side

Stock Code: P4970

**6pc HARDWOOD CARPENTERS PENCILS**

- Six hard traditional pattern carpenters pencils for multiple uses

Stock Code: H2105

**MITRE AND MULTI-ANGLE MARKING GAUGE**

- This precision mitre and multi-angle marking gauge is ideal for marking mitres, squares, angles, hole positions and dovetails

Stock Code: P4005

**150mm DIGITAL VERNIER CALIPER**

- This 150mm digital vernier caliper is hard wearing and made from durable composite plastic
- It has a range of useful functions including a metric / imperial scale, a zero display and auto-off functions

Stock Code: P2930

**150mm VERNIER CALIPER**

- Made from light alloy steel
- Three way measurement: inside, outside and depth
- Calibrated in metric and imperial graduations
- Measuring range: 0-6" (150mm)

Stock Code: P2900

**4" BRADAWL - WOODEN HANDLE**

- Hardened and tempered high carbon steel blade
- Metal shaft extends through the wooden handle
- Ideal as a hole starter, scribing, starting/pinching holes and aligning

Stock Code: S2450

**2pc BRADAWL AND GIMLET SET**

- Ideal woodworking tools for drilling and marking
- Moulded plastic grips
- Bradawl is ideal for starting neat holes
- Gimlet can be used to start a thread

Stock Code: S2550

**2pc STEEL RULE SET**

- Set includes 6" (150mm) and 12" (300mm) steel rules
- Graduated in metric and imperial
- Easy to read clear markings

Stock Code: P5170
