

**6" ALUMINIUM SQUARE**

• Square includes handy 6" rule for quick measurements and scribing • Easy to read scale allows you to find any angle from 0 - 180 degrees

Stock Code: P3396

**12" ALUMINIUM TRI SQUARE**

• Heavy duty aluminium body with metric graduations • Ideal for carpentry, metal work and D.I.Y. use • Approx size 12" (300mm)

Stock Code: P3550

**16" x 24" CARPENTERS' SQUARE**

• Calibrated in metric and inch graduations • Can be used for woodworking and roofing requirements • Approx size 16" (400mm) x 24" (600mm) • Display sleeve

Stock Code: P3700

**MINI MAGNETIC LEVEL**

• Compact pocket size • 3 vials - horizontal, vertical and angular • Magnetic base • With V groove in both top and bottom • Approx size: 150mm (6")

Stock Code: P4865

**12" SCAFFOLD LEVEL WITH MAGNET**

• Made from die cast aluminium with strong magnets in the base • Milled base • Horizontal and vertical vials • Approx size: 12" (300mm)

Stock Code: P4930

**9" MAGNETIC LEVEL**

• Plastic body and aluminium side covers • Three vials: plumb (vertical), level (horizontal) and mitre (45°) • With magnetic bar on the side

Stock Code: P4970

**FOLDING SQUARE**

• Lightweight aluminium construction • With 90 and 45 degree angles • Can be used for tiling floors, patios, carpentry and large layout work • Supplied with canvas storage bag

24" Stock Code: P3740  
48" Stock Code: P3745

**ENGINEERS' SQUARE**

• Solid steel engineers square with hardened, tempered and finely polished blades

2" Stock Code: P3950  
6" Stock Code: P3800  
9" Stock Code: P3780

**24" RULE WITH SPIRIT LEVEL**

• Heavy duty aluminium construction • With both metric and imperial graduations • With two vials, one plumb and one level • Approx size 24" (600mm)

Stock Code: P4035

**ADJUSTABLE POST LEVEL**

• Adjustable angle for versatile use • Magnetic strips for metal attachment • Durable plastic construction • Three vials

Stock Code: P4875

**12pc CARPENTER PENCIL**

• Oval section carpenters pencils with soft lead to leave a good mark on wood and other common building materials

Stock Code: H2100

**6pc HARDWOOD CARPENTERS PENCILS**

• Six hard traditional pattern carpenters pencils for multiple uses

Stock Code: H2105

**HEAVY DUTY PRO SPIRIT LEVEL**

• Includes vertical, horizontal and 45 degree vials • Strong and lightweight body • Easy grip handle

24" Stock Code: P4305  
48" Stock Code: P4315  
36" Stock Code: P4310

**MINI KEY-RING SPIRIT LEVEL**

• Handy keyring spirit level • Durable transparent moulded plastic • Compact size: 40 x 15 x 15mm

Stock Code: P4815

**RIBBED SPIRIT LEVEL**

• Heavy duty aluminium ribbed levels with two milled faces and 3 level vials (2 x vertical & 1 x horizontal) • Plastic end caps

12" Stock Code: P4455  
36" Stock Code: P4465  
72" Stock Code: P4475  
24" Stock Code: P4460  
48" Stock Code: P4470

**2pc LINE LEVEL**

• Manufactured from impact resistant plastic • With moulded hooks to enable the level to be hung from a builders line • Ideal for bricklaying, plumbing, guttering and tiling

Stock Code: P4820

**150mm DIGITAL VERNIER CALIPER**

• This 150mm digital vernier caliper is hard wearing and made from durable composite plastic • It has a range of useful functions including a metric / imperial scale, a zero display and auto-off functions

Stock Code: P2930

**150mm VERNIER CALIPER**

• Made from light alloy steel • Three way measurement: inside, outside and depth • Calibrated in metric and imperial graduations • Measuring range: 0-6" (150mm)

Stock Code: P2900

**MITRE AND MULTI-ANGLE MARKING GAUGE**

• This precision mitre and multi-angle marking gauge is ideal for marking mitres, squares, angles, hole positions and dovetails

Stock Code: P4005

**24" ALUMINIUM RULE**

• Graduated in metric and imperial

Stock Code: P5180

**1m ALUMINIUM RULE**

• Anodised aluminium rule • Graduated in metric and imperial • Lightweight • Suitable for a range of carpentry applications

Stock Code: P5190

**12" ALUMINIUM SCALE RULER**

• Aluminium construction • Scale includes: 1:20, 1:25, 1:50, 1:75, 1:100 and 1:125 • Ideal for engineers, technical drawing and architects

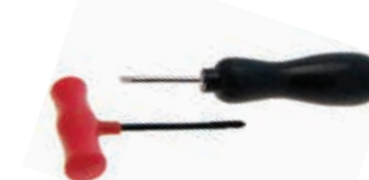

Stock Code: P4985

**4" BRADAWL - WOODEN HANDLE**

• Hardened and tempered high carbon steel blade • Metal shaft extends through the wooden handle • Ideal as a hole starter, scribing, starting/pinching holes and aligning

Stock Code: S2450

**2pc BRADAWL AND GIMLET SET**

• Ideal woodworking tools for drilling and marking • Moulded plastic grips • Bradawl is ideal for starting neat holes • Gimlet can be used to start a thread

Stock Code: S2550

**2pc STEEL RULE SET**

• Set includes 6" (150mm) and 12" (300mm) steel rules • Graduated in metric and imperial • Easy to read clear markings

Stock Code: P5170
