

Product Specifications

HypaTouch Powder-Free Vinyl Gloves (Box of 100)

- Medical grade powder-free vinyl gloves
- Ideal for medical and electronics applications
- Soft and flexible vinyl construction, an ideal alternative to latex
- Non-sterile, ambidextrous and AQL 1.5 rated
- Box of 100 gloves - Multiple sizes available

The **HypaTouch Vinyl Gloves** are non-sterile AQL 1.5 rated disposable gloves ideal for preventing contamination in work environments where hygiene is a priority. The gloves are soft, flexible and ambidextrous, and their vinyl construction is suitable as an alternative to latex in the case of an allergy. They are also powder-free, reducing the risk of contamination and allowing for clean application. Supplied in boxes of 100. Sizes: Small, Medium, Large, Extra Large
