- Compatible with dominoes and tab terminals.
- Nontoxic.

Compliance marks

GENERAL INFORMATION

Description

Transparent connector caps.
Supplied without connection system.

Technical details

Prefilled with neutral and non-toxic neutral insulating gel.

Advice

To ensure the correct seal, the gel must surround the cables and overflow from the SQUALE'Box.

Application(s)

Fast and safe sealing of your connectors with 6 mm² maximum cross-section.
Ideal in wet or submerged outdoor environments.

Instructions

1. Make your connection using a connector.
2. Insert your connector into the Squal'e'Box.
3. Close the Squal'e'Box, check that the gel slightly overflows the Squal'e'Box surrounding the cables.

ACCESSORIES

Lever push-in wire connectors
