

Tech Specs

Whole-home coverage¹

Expandable 802.11s mesh Wi-Fi

Automatic Wi-Fi optimisation

Automatic 802.11k/v client roaming

Smart home connectivity

IEEE 802.15.4 Thread (2.4 GHz) – functionality not yet available

Performance²

Router and point can each handle up to 100 connected devices

Security built in

WPA3 encryption

Wi-Fi standard

Simultaneous dual-band (2.4 GHz/5 GHz) Wi-Fi supporting IEEE 802.11a/b/g/n/ac

Speaker and microphones

360-degree sound with 40 mm driver

Sensors

Capacitive touch controls

Processor

Quad-core 64-bit ARM CPU 1.4 GHz

Memory

Ports and connectors

Barrel jack power

Power

15 W power adaptor

Colour

Snow
