

Nest Cam (outdoor or indoor, battery)

Get alerts for what matters.

Nest Cam can even tell the difference between a person and a vehicle, so you can set the alerts that you want.¹

Indoors or outdoors,
rain or shine.

The battery-powered Nest Cam works anywhere you need it, from the living room to the garden¹

Take action in an instant.

If something happens, you can respond to alerts directly from the Google Home app.¹

Fits your home.

Accessories, including a stand and weatherproof cable, help Nest Cam to fit your space.
