

LFHU system

Galvanised steel LFH coated

FPU system

Galvanised steel polyurethane coated

Conduit

LFHU

Construction: Galvanised steel, helically wound, flexible steel conduit with Low Fire Hazard (LFH) coating.

Colour: Black.

Typical Applications: Public and commercial buildings and tunnels where low fire hazard performance is a requirement.

Temp: -25°C to +90°C

FPU

Construction: Galvanised steel, helically wound, flexible steel conduit with low temperature, high abrasion, high fatigue life halogen free polyurethane coating.

Colour: Black and Metallic Blue

Typical Applications: Where low temperature and mechanical strength are important.

Temp: -40°C to +100°C

Fittings

Fixed external thread

Two part fitting comprising shell and body with external thread. This fitting can be inserted into a knockout and secured with a locknut.

nickel plated brass

Swivel external thread nickel plated brass

Two part fitting comprising shell and body. The external thread swivels about the main body. Can be used with threaded entries, or knockout secured with a locknut.

Plain hole connector nickel plated brass

Two part fitting comprising shell and body without thread. The body is fitted through the opposite side of the entry to the conduit and acts as a locking device also providing a smooth entry bush.

Ordering Notes

- · Add reel length eg: LFHU20B-25M for
- FSU fittings used on LFHU conduit
- For metallic blue change B to BU eg FPU20BU-25M
- * Indicates parts made to order on request and may be subject to MOQ and lead time
- · Metallic Blue may be subject to MOQ and lead times

· Available on request:

- longer lengths and bulk packaging
- cut lengths and assemblies additional sizes
- stainless steel fittings (grade 316L)
- alternative threads
- 45° C type elbows 16 to 32mm

How to read the fittings code

Important Note

• For LFH performance see page 144

nominal size (mm)

Properties

- High mechanical strength
- Highly flexible
- IP rating: IP54 with standard fittings, IP65 with type C compression fittings
- Extra low Fire Hazard
- · UL94 V0, for LFH see page 148 (LFHU)
- High fatigue life and high abrasion resistant (FPU)
- Halogen, sulphur and phosphorus free
- · Compliant to LUL Std S1085 (LFHU) (Cert No. 297)
- EN45545-2 HL3 for LFHU
- Temperature range:
- -25°C to +90°C (LFHU)
- -40°C to +100°C (FPU)
- Nickel plated brass fittings

- Vibration and shock tested to EN61373 Cat 2
- Thread face sealing washers may be required to maintain IP rating at the connection to other equipment, see page 124
