Tork Dettol Antibacterial Multipurpose Cleaner

Ingredients	Contains: 100 g of product contains 0.11 g of benzalkonium chloride. Contains <5% non-ionic surfactants, disinfectant, fragrance, limonene.
Method Of Use	Product usage: The product is an alcohol-free ready-to-use multipurpose spray for surface disinfection. The spray is intended for use by professionals in commercial areas (offices, retail, airports, bus stations, supermarkets, etc.), foodservice and industrial areas (manufacturing and transport/maintenance. Instruction of use: Turn the nozzle to the ON position. Keeping the bottle upright, spray from 20–25 cm away. Leave for up to five minutes, wipe clean. Always test on an inconspicuous area for five minutes before use. For professional use you must wear gloves. For surfaces that come in contact with food: use only on hard non-porous surfaces and rinse thoroughly with water.
Shelf Life	The expiry date is 24 months. The shelf life was defined according to the stability and primary packaging (compatibility) test results and the knowledge and experience on the product and/or similar formulas. The Period After Opening (PAO) is six months. It was defined according to the stability and primary packaging (compatibility) test results and the knowledge and experience on the product and/or similar formulas.
Handling Instructions	Precautions for use: Safety data sheet available on request. Read label before use. Keep out of reach and sight of children. If medical advice is needed, have the product container or the label handy. Wash hands thoroughly after handling. Do not swallow. Dispose of content/container according to national regulation. Use biocides safely and sustainably. It is illegal to use this product for uses or in a manner other than prescribed on the label. Poisons information: For information or to report a poisoning incident contact: The National Poisons Information Centre (ROI: 01 8092166)
Registrations Biocides	UK: Notified. Republic of Ireland: PCS 97427
Regulatory Compliance	The biocide products commercialised under the Tork and Dettol brand are in compliance with the Biocidal Product Regulation (EU) No 528/2012 and are allowed for surface disinfecting purposes (PT2, PT4). The products are registered and authorised in the respective countries, where the products are sold. The products are in conformity with the REACH regulation (EC) No. 1907/2006 and its amendments. All non-biocidal ingredients are considered safe for human health when used under normal or reasonably foreseeable conditions.
Safety Data Sheet	For safe use and handling of the products, please follow the recommendations on the Safety Data Sheets. These are available on the Tork website in all required local versions according to legal requirements for each region (e.g. according to CLP for Europe)
Trade marks	Dettol and Dettol logo are trademarks of the Reckitt group of companies
