Footprint brick jointers are used to smooth and create concave mortar joints between brick and block work.

- Made in Sheffield, Britain
- Made from High Carbon steel
- Furnace hardened for a longer working life
- Different size at either end to create different sized joints
- Polished finish

Size Inches	Size mm	Pattern Number
$\frac{1}{2}$ " / $\frac{5}{8}$ "	12mm / 15mm	580
$\frac{3}{4}$ " / $\frac{7}{8}$ "	19mm / 22mm	581
$\frac{5}{8}$ " / $\frac{3}{4}$ "	16mm / 19mm	582
$\frac{3}{8}$ " / $\frac{1}{2}$ "	10mm / 12mm	583
